

Information Pack Introduction Letter

This Information Pack has been compiled to assist and support family members who have loved ones that are facing the challenges of drug and alcohol misuse.

The Information Pack includes:-

- A list of benefits that families may experience if they sought help themselves
- A list of useful contacts for families- services that provide assistance to family members
- Family Drug Support Information Brochure
- A brief over view of the programs that Uniting Care provide to assist both the user and the family members
- A brief introduction to the challenges and patterns of addiction.
- A brief introduction to the rights and responsibilities of families, of the user and the service provider
- Explanation of Confidentiality for all participants of our service

We hope it will increase your awareness and understanding of addiction. We hope that it will provide support and reassurance. Most of all we hope that this will lead you to the help you need so you can build your resilience and your own well being so you will be more able to cope with the journey ahead.
